START DRIVE FOR FUNDS TO SAVE SHRINE

Five hundred and twenty Pennsylvanians are being asked to donate funds to purchase privately owned land comprising the Gettysburg Battlefield.

The 520 were sent letters Friday asking them to become "charter members" of the Gettysburg Battlefield Preservation Association. They are signed by Dr. Robert L. Bloom, head of the history department at Gettysburg College as secretary-treasurer of the association. The letter follows:

"Gettysburg In Danger"
"Gettysburg is still in danger. As you undoubtedly know, portions of this historic battlefield are still in private hands. These areas are in peril of being transformed into housing developments, bowling alleys, beer parlors, shopping centers, factories—whatever it may profit their owners to do with them.

"Knowing of your interest in the Civil War in general and of the Gettysburg Battlefield in particular, we are confident that you are fully conscious of the need to preserve this historic site for this and future generations. It is this which leads us to address this letter to you seeking your help.

"Attempts made to have the Congress provide protection against such desecration of over 600 acres of historically significant battlefield land by appropriating funds for their purchase has met with but limited success. The areas are located so as to constitute a dagger at the throat of one of America's most honored national monuments. It appears that the only way in which the battlefield can be saved is through funds raised by the general public.

U.S. May Retaliate And Eject Soviet Diplomat

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The State Department is reported to be considering ejecting a Soviet diplomat from the United States in retaliation for the Soviet Union's ouster of the security chief of the U. S. Embassy at Moscow.

The prospect that such a step will actually be taken is at the moment highly uncertain. Sen. John Sherman Cooper (R - Ky.) called Sunday for such a move "in the absence of an apology" from the Kremlin.

The uncertainty is due partly to the fact that some officials consider direct retaliation in such cases as an empty gesture. But it is also the result of great puzzlement here about what the Soviet move itself was supposed to accomplish.

"Wary Of Contacts"
One theory advanced in diplomatic quarters is that the Kremlin wanted to warn the Soviet people to be wary of friendly contacts with Americans in spite of the official policy of the "Spirit of Camp David" preached by Pres-

BOY HURT WHEN CAR ROLLS OVER

Lawrence Seymour, 17, of 240 Chambersburg St., suffered a possible broken back Sunday evening about 9 o'clock when a car in which he was a passenger rolled over on W. Confederate Ave.

According to the park ranger the Neary car was traveling north on W. Confederate Ave. near Berdan Ave. when Neary lost control of the vehicle and it rolled over, demolishing the 1949 vehicle.

Coldest Morning So Far This Fall

Temperatures at the Gettysburg Times weather station dropped to the freezing point this morning for the first time this season and from rural sections of the county came unofficial below-freezing readings.

It was the coldest October 19 in Gettysburg since 1948 when the mercury sank to 29 degrees on this date and it was the town's chilliest day since last April 13 when the low was 30 degrees.

Last year, below-freezing weather arrived a little earlier. There was a 31-degree reading here on October 6 and there had been a killing frost a few days earlier when the temperature reached 35 degrees.

This year there were two frosts in September but not severe enough to damage flowers and late gardens. This morning's "freeze" likely nipped most expected blooms.

Appointment of Henry M. Hersh, New Oxford, as a crew leader for the 1959 census of agriculture was announced today by acting field director Edgar L. Bryan of the Census Bureau's regional office at Pittsburgh.

Hersh will direct a force of census takers who will canvass all farms in Adams County. Before assuming his post, he will go to Coatesville, where he will receive five days of training by a member of the Census Bureau's staff. The crew leader is one of the key people in the field operations of the census of agriculture. It is his responsibility to recruit and train the census takers and supervise their work; plan and allocate work assignments; review the work of the census takers and take remedial action where necessary, and to conduct difficult interviews.

After completing his training, Hersh will return to his district where he will spend several weeks recruiting census takers, and training them in preparation for the start of the field canvass on November 11.

Fail To Settle Steel Strike; President Is Considering T-H Action

WASHINGTON (AP)—President-elect fact-finders today reported "with sad hearts" their failure to settle the nation's longest steel strike. President Eisenhower, however, put off asking for a court injunction sending the 500,000 steelworkers back to the mills.

White House press secretary James C. Hagerty said there is "no time limit" on the President's study of the report of his board of inquiry which tried for a week without success to bring agreement between industry and the United Steelworkers.

Early Success Doubtful
This apparently left time for them to make voluntary moves toward agreement by bargaining. But Eisenhower's three-member fact-finding board gave little hope for early success in their 37-page report to the White House.

"As we submit this report, the parties have failed to reach an agreement and we see no prospects for an early cessation of the strike," the report said.

"The board cannot point to any single issue of any consequence whatsoever upon which the parties are in agreement."

May File In Pittsburgh
There was almost universal belief that Eisenhower would be obliged to call on Atty. Gen. William P. Rogers to obtain an injunction—probably in Pittsburgh U.S. District Court—forcing the steelworkers back to work for at least 80 days while new mediation efforts are organized.

The fact-finders headed by Dr. George W. Taylor of Philadelphia spent one hour and 14 minutes in Eisenhower's office with Secretary of Labor James P. Mitchell and White House staff members. Then they met reporters in Hagerty's office.

Hagerty said the report had been discussed fully.

RUSSIA SEEN HEDGING ON DISARMAMENT

By WILLIAM L. RYAN
Associated Press News Analyst

There's a touch of Alice in Wonderland about the discussion of disarmament these days.

This issue is the most important one facing the world today, involving the question of the very survival of the human race. But for all that there is more than a little grim comedy in the proceedings. Illogic is being piled upon illogic until the mind reels.

For example, have a look at this exercise in logic just broadcast by Radio Moscow in support of the latest Khrushchev disarmament proposal:

"The Soviet Union has proceeded from the only correct principle: That controls cannot be an end in themselves and must be organically linked with realization of practical measures."

Conditions Cited
This Soviet gobbledygook appears to mean that there can be no controls over the carrying out of any disarmament stage until the disarmament stage is agreed upon. That is, control and the disarmament measure must spring into being at the same moment.

Moscow goes on:
"Since the Western powers were not prepared to recognize the justice of this viewpoint, the question of controls became a stumbling block to disarmament talks."

"As a result, the Soviet government formed the firm conviction that the way out of this impasse is to be sought in general and complete disarmament. Only such a radical solution of the problem will remove all the obstacles piled up in the discussion of partial disarmament and pave the way to establishment of a comprehensive and complete control system."

Deadlock Possible
In other words, nobody got anywhere in talking about partial disarmament because one side wanted foolproof controls agreed upon in advance. Therefore, by this reasoning, the talks will be more successful if they concern complete and total disarmament with no advance agreement on the control system.

This is supposed to make sense. Both sides must be aware that it does not. But it is powerful propaganda. The West realizes this. But it, too, must talk about the thing seriously, or there will be even more powerful propaganda against the West.

So the statesmen of the U.N. Political Committee are talking and marking time in this grim game of one-upmanship. At this moment, Khrushchev is one up. The United States is cooking up a general review of the disarmament situation over the years in preparation for a U.S. counterproposal which may or may not even the score.

Little Choice
Lacking such a proposal at the moment, the United States seems to take the position it has no choice but to say it will give serious consideration to the Khrushchev bombshell. This does not mean the United States takes the Khrushchev proposal seriously, but only that it fears what the effect will be in some parts of the world if it says it is not taking it seriously.

Khrushchev has been willing to concede that his total disarmament would be a big bite to swallow all at once. He proposes, then, to take it in stages, and the two sides once again are back where they started: on the theme of partial disarmament.

Both East and West might welcome a degree of disarmament to lighten the awesome burden of an endless arms race. But the Soviet stand on the key question of controls makes one wonder whether the Kremlin is or ever was interested in significant amount of disarmament.

Five Children, Four In Family, Die In Collision

MADERA, Calif. (AP)—Five children—four from one family—were killed and four other youngsters injured Sunday in an auto collision at a rural intersection two miles east of Madera.

The youngsters were in a station wagon driven by Lorraine Chandler, 32, wife of a Madera ranchhand. The station wagon was hit by a car driven by Howard Jordan, 17, of Madera.

Killed were Patricia, 14, Sheryl, 9, Earl, 6, and Lonnie, 4, all children of Mrs. Chandler, and Kay Fuller, 11, a neighbor's daughter.

Two other Chandler children, Hazel Louise, 15, and Jim, 12, were in fair condition at Madera County Hospital. Donna Medlin, 13, and Joyce Boone, 11, were slightly hurt. Mrs. Chandler was hospitalized suffering from shock.

Dist. Atty. Lester Gendron said Mrs. Chandler had the right of way. Jordan was jailed and charged with manslaughter.

C. COBURN, 82, WEDS A WIDOW HALF HIS AGE

HOLLYWOOD (AP)—Actor Charles Coburn, 82, has brought home a bride—a widow just half his age.

He caught the film colony by surprise Sunday when he flew to Las Vegas, Nev., and married Winifred Jean Clements Natzka. She is 41. They returned home Sunday night.

A TWA hostess aboard the plane to Hollywood said the couple held hands all the way. Occasionally, she said, Coburn bent over and kissed his bride's hand.

Coburn and his new wife have known each other seven years. She was married to New York opera basso Oscar Natzka, but he died eight years ago. She has two sons, aged 8 and 13.

The blonde 41-year-old accountant is from New Zealand.

Didn't Tell Servants
To indicate just how quiet Coburn kept his plans, his agent and longtime friend, Jay Faggen, said the actor didn't even tell his servants.

"That's the way he does things," said Faggen.

He disputed reports that Coburn was unable to climb the stairs to the marriage license bureau.

"He's still quick on his feet and sometimes he will dance all night at a party," said Faggen. "He loves good times, good food and action."

Coburn filled out a marriage application while he was seated in a car, outside the county clerk's office.

Widower 27 Years
The ceremony was performed a few hours later in the chambers of Justice of the Peace J. L. Bowler.

It marked the end of 27 years as a widower for the veteran actor. He was married for 31 years to actress Ivah Wills, who died in 1937.

Coburn recently told an interviewer:

"Don't ever believe that beauty and charm are the exclusive property of youth. Like smooth brandy, sex appeal improves with age."

SAY LUNIK III SENT PHOTOS OF MOON'S BACK

By PRESTON GROVER

MOSCOW (AP)—Lunik III raced away from the earth again today after reportedly sending the earth the first pictures ever taken of the hidden side of the moon.

The Soviet News Agency Tass said the photographs are being processed and will be published, giving mankind the first view of the far side of the moon never seen from the earth.

Scientists expect the pictures to show the same sort of cratered face as the side of the moon which the earth sees.

Taken October 6
The pictures presumably were taken Oct. 6—two days after the launching of the 614-pound flying observatory—when it swooped within 4,375 miles of the moon as it hurtled out into space.

Moscow Radio said the Soviet space vehicle completed its first circuit around the earth Sunday and continued on its vast orbit, running 17 minutes behind a previously announced schedule.

The next radio contact with the traveler—officially called an automatic interplanetary station—is fixed for Wednesday afternoon when it is scheduled to be 242,335 miles from the earth.

size beyond delineation. Yet, the sole recompense for these 20 years of service has been the personal satisfaction which one must justly find in the successes of the long lines of men and women who have entered legal practice from this school.

"Gettysburg College, Bachelor of Science, 1923, was followed by a law degree at this school in 1926 while Dickinson College granted its Master of Arts the same year and added its Doctorate in Law in 1952, an honor since repeated by Gettysburg on the occasion of a tribute to the President of our nation. Ten active years of practice followed graduation from law school, crowned by elevation to the judgeship in 1936, an honor twice repeated thereafter. But other areas of activity over the beyond his own judicial district have sought his help. The presidency of the Pennsylvania Bar and the chairmanship of the Pennsylvania Council of Juvenile Court Judges claimed him. Trustee of the National Juvenile Court Foundation and member of the advisory committee charged with redrafting of the Penal Code as well as the Chesterman committee, these are but other items in his roster of accomplishments and honors.

"These contributions in the world of secular affairs have not excluded from his life more than ordinary activity in the world of faith. Moderator of the Permanent Judicial Commission of his church, his appearances before many congregations professing different creeds are but indicia of a faith providing an understanding which temporal activity alone cannot afford.

"Our grateful institution can repay his stewardship only in small part by conferring upon him the honor which it has not before granted. It is not alone a pleasure but an acknowledgment of years of sincere and faithful service which we mark in asking Honorable W. Clarence Sheely to accept our degree of Doctor of Civil Laws."

Other Saturday events for visiting parents included a girls' hockey match between Wilson and Gettysburg, a football game between Albright and Gettysburg, showing of the new sound and color movie, "Image of Gettysburg," informal smokers, teas and dinners.

The Rev. Edwerth E. Korte, college chaplain, delivered the sermon at a worship service in Christ Chapel Sunday morning. His topic was: "Furnishing the Chaplain's Office." Four things should be in every chaplain's office, Rev. Korte said: "A mirror for reflection of our own lives; a picture of Christ; a window to help us view the world which we are called to serve; a Bible to serve as our guide through life."

He suggested that each Gettysburg "Dad" have the same furnishings in his office, den or home.

Assisting in the service were Miss Lois Kadel, college organist; James Garman, a senior who read the scripture lessons, and soloist Miss Lorraine Bohlander, a junior.

The chapel was filled to capacity for the service.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
ONE HUNDRED YEARS AGO

Thanksgiving Day: The Gov-
ernor of this State has appointed
the 24th day of November as a
day of general Thanksgiving &
Praise to Almighty God for the
numerous blessings which have
been bestowed upon us during the
past year.

Grand Illumination At Peters-
burg: Our friends in the glorious
York Springs District are to have
a celebration on Thursday eve-
ning next (we learn from the
"Star") in honor of the recent
brilliant victories of the People's
Party in this County, and the
states of Pennsylvania, Ohio,
Indiana, Iowa and Minnesota. It
is likely to be a splendid "Demon-
stration" as that paper informs
us that Delegations will be present
from various points in the county.
The one from Gettysburg will
leave at 2 P.M. The People's
Brass Band will be there, and
fine speaking and a "fine time"
is expected. We are not informed
as to particulars; but we hope it
will be a celebration worthy of
that gallant District. They deserve
and we hope they will receive, the
countenance of our friends every-
where, on that occasion.

The Difficulty At Harper's
Ferry: Harper's Ferry (Virginia)
was the scene of an extraordinary
affair last week. The accounts
are confused and contradictory
but these appear to be the facts:
On Sunday night, the 16th, a
band of armed men, numbering
probably 22, seized the Govern-
ment Arsenal, where large quan-
tities of arms are stored, and took
possession of the town stopping
the Railroad trains and cutting
the Telegraph wires the view, it
is supposed of capturing the Gov-
ernment offices and the money
they contained. The marauders
capture a number of the promi-
nent citizens of Harper's Ferry
and vicinity and held them as
hostages. They pressed many
negroes into their service and
some of the whites painted them-
selves black. One negro connected
with the Railroad company was
shot while attempting to escape.
They held possession of the town
until Tuesday morning when
troops arrived from Washington,
Baltimore, Frederick and else-
where, aroused by the exciting
rumors which had reached all
points of the compass, and mag-
nified the affair into a most ap-
palling scene of slave insurrection
with all its horrors.

The outlaws were soon driven
into the arsenal where they were
strongly fortified and had the citi-
zens whom they had taken prison-
ers with them. They were sum-
moned to surrender, but refused.
The troops were afraid to use can-
non, which would soon have been
effective, lest the citizens whom
they had in confinement would be
killed. It was then stormed and
a hand to hand fight ensued, in
which several lives were lost and
the insurrection quelled. The riot-
ers consisted of 17 whites and 5
negroes. The leader was Capt.
Brown, late of Kansas, who
appears to have adopted this plan
of fomenting an insurrection to
avenge himself for wrongs suf-
fered by himself and family in
Kansas.

SEVENTY-FIVE YEARS AGO
The H. J., H. & G. railroad com-
pany are at work on the stone
abutments for the bridge over
Marsh Creek for the extension of
the old "taye worm" westward.
They have also done considerable
grading beyond the creek.

Sales: Ambrose Schmidt has
purchased the hotel property and
another house and lot of J. H.
McMaster, in Bonneville, at
\$2,500 cash.
H. W. Dicks has purchased the
dwelling, store rooms, &c. on the
North-east corner of the Diamond
in New Oxford, from Jacob
Reinholt for \$3,750.
J. A. Kittmiller, Esq., executor
of the will of Mrs. Lavinia Sheads,
deceased, sold the house and lot
on Carlisle street to Jacob Sheads

Today's Talk

YOUR ROLE IN LIFE

The "star" of a play, or an
opera diva, is not always the
best actor, or singer, or the most
important. There is a difference
between prominence and impor-
tance.

For my part, I would rather
be important than prominent.
Wouldn't you?

All right, then. Everything is
relative after all. Some are great-
er as citizens than as senators
or governors or presidents. And
much more useful. Greatness is
neither a matter of title nor of
office nor of anything, excepting
worth.

An enterprising young man told
this writer once that when he was
an "office boy" (he hires office
boys now) he decided he was
going to be the greatest "office
boy" that his concern had ever
had. He played the "office boy"
role as a "star" part.

And I believe that many an
"office" or "bus" boy is at the
present time outplaying his
"boss."

Life is not a playing for place,
but of plan! The plan brings the
place. Your part, or role, in the
play is what you decide to make
it!

Envy not the stellar role. You
be the "star." The greatest in
the role assigned you!

Tomorrow Mr. Adams will talk
on the subject: "Mr. and Mrs.
Worry."

Just Folks

AUTUMN

The leaves are falling one by one
The summer days are passed and
gone;
The nights are cool and damp,
The little children think it
strange
At tea-time, for they note the
change:
We have to light the lamp.
To roost the chickens earlier go,
And everything has ceased to
grow.

The pumpkins now are big and
round,
Have turned to yellow on the
ground;
The leaves are drifting down,
The farm seems bigger than
before,
'Tis stripped of all its wondrous
store;
Only the russets brown
Still linger on the trees, and they
Will soon be picked and packed
away.

The store room's filled with rare
delights
To while away the winter nights.
The squeaking cider mill
Is gushing forth its nectar rare—
A drink that all the gods call fair;
And, oh, the world is still;
A hush has settled over all;
The summer's gone, and it is fall.

The Cavalry Reunion: Wednes-
day our town was favored with
one of the most interesting mili-
tary reunions we have had since
the close of the war — the occa-
sion being the dedication of the
monumental shaft erected upon
the site of the great Cavalry
engagement on the right flank of
the Army of the Potomac about
3½ miles east of Gettysburg. It
so happens that by reason of the
magnitude of the infantry struggle
running through the first three
days of July 1863, popular interest
has centered largely in and around
Seminary Ridge, Cemetery Hill,
Culp's Hill, the Round Tops, the
Peach Orchard, the Wheat Field,
&c., and the part played by the
Cavalry in the great drama has
been largely ignored. Most visitors
to the field of Gettysburg have
sought out these now historic
points; they may have heard of
cavalry skirmishing in the neigh-
borhood of Hanover and Hunters-
town, but few have known that
in this immediate neighborhood
occurred one of the heaviest caval-
ry combats of the war. Fewer
still have realized the importance
of that engagement in its relation
to the supreme effort of Lee in
his final assault on the Union lines
on the 3rd of July. It is only within
the last few years that nonmili-
tary men have begun to appreciate
the magnitude and importance
of this cavalry combat.

BURMESE VISIT

GAMING TABLES DESPITE LAWS

TAUNGGYI, Burma (AP)—The
little boy puffed on a big green
cheeroot and challenged, "Get your
money down, my friends, get your
money down."

The villagers, their mouths red
with betel juice and faces glisten-
ing under the hissing acetylene
lantern, clustered around the
table.

"One dollar on the tiger, a de-
serving wager," said the boy.
"What's this—a miserly five pycas
for the noble turtle?"

The boy gave the roulette wheel
a spin and the gaily-colored ani-
mals pictured whirled; a voice
demanded, "Come on rabbit."
The wheel stopped at a chicken
and the boy raked in a pile of
kyat.

Boy Croupier
Small and dark with a towel
wrapped around his head for a
turban, the boy — a 9-year-old
croupier—was a junior member
of a respectable but recently de-
clared illegal profession in Burma.

Burma's last legal gambling,
has been outlawed, but army
authorities admit they'll have
trouble cracking down on the
scores of little carnivals that tour
the hills with gaming tables —
and opium dens.

The gypsy-like fairs provide just
about the only entertainment
available for the Shan villagers.
They also provided a big source
of revenue for the Sawbwa chief-
tains who ruled the states like
feudal lords until gambling was
declared illegal.

Huge Annual Net
One Sawbwa reported netted
\$120,000 a year from renting out
gambling concessions.

The carnivals operate with bam-
boo mat pavilions, clusters of
little food stalls, a few waitress-
es for the opium den, and a stage
for the pwe, a Burmese musical
show.

Chief attraction is the pwe. The
wailing, gonging orchestra draws
virtually every man, woman and
child for miles around, and keeps
them there from dusk till dawn.

While the women watch sarong-
clad comedians and the glories
of ancient Burma on the stage, the
men crowd the gambling stalls
or smoke a quiet opium pipe.

Most of the games — wheels,
cards, dice, dominoes—use ani-
mals as symbols. Little pictures
of a pig, eel, frog or chicken
can mean the difference between
meager comfort or extreme pov-
erty for the Shan farmers.

"I've seen a man lose his en-
tire year's crop playing four ani-
mals here, and he didn't say a
word," says a government of-
ficial.

Stock Market Slumps Sharply

NEW YORK (AP) — The stock
market slumped sharply today as
hopes crumbled for a prompt set-
tlement of the steel strike. Trad-
ing was fairly active early this
afternoon.

Pivotal stocks showed losses of
fractions to about 2 points.
Leading issues pared their worst
losses, which went to 3 points or
more early in the session.

The over-all loss, while severe,
erased only about half the gains
made in Friday's rally which was
based on surging hopes that steel-
workers would be on their way
back to the mills this morning.

Steels, rails and motors were
the worst sufferers. Coppers, rub-
bers, electronics, aircrafts, air-
lines and most chemicals also
were lower.

YELLOW-CLAD HUNTER KILLED

DOWNY, Idaho. (AP) — A
coroner says the victim of a deer
hunter's bullet might have been
spared if he'd worn red clothing
instead of yellow.

But State Fish and Game Di-
rector Ross Leonard, whose agen-
cy had recommended yellow ap-
parel for hunters, said tests in
Idaho, California and Washington
had shown it to be more visible
than red in wooded areas.

Coroner Burton John said the
yellow vest worn by the weekend
hunter, Nephi A. Hewlett, 26,
of Pocatello, Idaho, failed to show
up in autumn-yellowed foliage. Hew-
lett was killed, but the coroner
absolved the man who fired the
shot.
"At this time of year and in
this type of country," John said,
"don't wear yellow when hunting.
It blends in perfectly with the
background."

COURT ORDERS

ist's report was "hearsay evi-
dence."

Cite Attorney's Remarks
Mrs. Finney's attorneys had also
asked a new trial because of re-
marks by the defense attorney to
the jury stating there was insur-
ance involved and that "false re-
covery without foundation would
cause insurance premiums to rise
and the costs of goods to go up
and thus the jury would be the
losers."

The court ruled that Mrs. Fin-
ney's attorney, should have put
his protest in proper form at the
time. "It is clear that he did not
desire a mistrial and that his
purpose was to take a chance on
the verdict but to have the re-
marks of record in case the ver-
dict was unfavorable. . . (If) . . .
a party remains silent and takes
his chances with the jury he will
not generally be permitted to as-
sert, after a disappointing result,
that he is entitled to another
trial."

Fail To Settle

Hagerty said Eisenhower wants
to study the report.
Taylor told newsmen the board
reached the end of the mediation
road "with very sad hearts, be-
cause we feel this is an extremely
critical situation."

"The parties have a continuing
obligation to resolve these issues,"
Taylor said, after observing that
the board feels the differences can
be resolved.

Duty To Agree
"This obligation to the country
will not be discharged until they
can sign an agreement, which is
their duty in a democracy such
as ours to avoid the possibility of
an imposed decision."

"It is the belief of the board
that if we ever come to that (im-
posed decisions in labor disputes),
we won't have the same kind of
country."

Taylor was referring to recent
proposals for stronger government
action to settle major disputes
through compulsory arbitration
and other actions demanded in the
last few days by some members
of Congress.

BALLOON TRIP ENDS IN TRUCK

BENTON HARBOR, Mich. (AP) —
Anthony Fairbanks' balloon
enthusiasm has been punctured
slightly.

Fairbanks, 52, a Swarthmore,
Pa., aeronautical engineer, and
Milwaukee newspaperman William
Normyl, 31, spent seven hectic
hours Saturday on a wild, run-
away flight aboard the balloon
used in the movie, "Around the
World in 80 Days."

The pair, with Fairbanks at the
Controls, went aloft over a Mil-
waukee shopping center in a pro-
motion stunt.

Originally planning a short flight
along the Wisconsin shore, the
pair drifted out over Lake Michi-
gan and 100 miles to Benton Har-
bor.

"We weren't frightened," Fair-
banks said after relating how the
waves splashed into the carriage
as it skimmed over the lake.
The balloon and its passengers
started back for Milwaukee Sun-
day—in a truck.

"SIX-IN-ONE" TRIAL BEGINS

Trial of six suits resulting from
a fatal accident December 25,
1957, near Littlestown on the Han-
over Rd., began in Adams County
court this morning.

All six are being heard in the
same trial. Fourteen jurors, of
which two are alternates, selected
last Wednesday, arrived this
morning to hear the cases.

The actions are based upon a
fatal accident in which the occu-
pants of one car were Mr. and
Mrs. John M. Spangler of Hagers-
town and their children. The occu-
pants of the other vehicle were
Lloyd E. Eller and Robert W.
Yingling, both of Littlestown R.
1. Mr. and Mrs. Spangler and
Mr. Eller were fatally injured;
the Spangler children were less
seriously hurt.

Seeking damages in the case
are Margaret R. Bailey, Hagers-
town, as administratrix of the es-
tates of Mr. and Mrs. John Spang-
ler and as guardian for their chil-
dren; Robert W. Yingling, and
Lucy G. Eller as widow and ad-
ministratrix of the estate of Lloyd
E. Eller, and for her son, David
Allen Eller. All are also involved
in various cross suits. The jury
was receiving testimony this morn-
ing as to the position of the bodies
of Eller and Yingling in the Ying-
ling car after it turned over fol-
lowing the accident; testimony
concerning a pile of glass and
mud on the road, details of dam-
ages to the cars involved and
other testimony by which the jury
will determine which car struck

Revamped Bullets Down Albright 12-6 Before Big Dad's Day Throng

A revamped Gettysburg College football team evened its season's record at 2-2 by edging Albright 12-6 Saturday afternoon on Memorial Field before a Father's Day crowd of 5,000 fans.

Coach Gene Haas was forced to make several position changes and by the time he had finished he had a host of sophomores and a couple of newly discovered talents. Terry Looker replaced hard-running Rich Davidyock at fullback after it was learned Davidyock will definitely be out the remainder of the season. Looker is a former Camp Hill athlete who came through with another TD Saturday to lead the team in scoring.

In other changes, Redding Hicks, Doylestown, took over at halfback for the injured Ernie Velten, who sustained an ankle injury in the Bucknell game. Jim Hess was moved back to tackle to pinch hit for the missing Frank Woodruff. Bob Coble, a sophomore from Pittsburgh, took Hess's place at guard.

Ron Frederick, still recuperating from a shoulder injury in the Bucknell contest, was in uniform but did not get in the game.

Following an exchange of punts opening the first period, Albright finally took possession on the Gettysburg 48-yard line. The Lions moved the ball to the Bullets' nine-yard line on nine plays as the first quarter came to a close. Gerry Bricker, Reading, smashed through the line giving Albright a first down on the home team's six to begin second period play. Quarterback Gary Chapman picked up one yard around right end and made unsuccessful tries through the line.

Coble Blocks Kick
Claude Lynch, Lion end, then attempted a field goal from the five, but right guard Bob Coble came charging in to block the placement and Gettysburg took over on its own eight.

A fumble, a penalty and six plays later the Bullets moved the ball out to their own 40 and were forced to punt. Quarterback Don Carpenter then booted a tremendous punt which went sailing over the heads of the safeties, Varano and Olivio, and came to rest on the Albright 2.

Albright was stopped on three plays and again had to punt. This time Redding Hicks returned the boot two yards to his own 45.

Little Connects
On the first offensive play from scrimmage sophomore quarterback Earl Little faded back and fired a 15-yard aerial to Redding Hicks who took the ball in on the Albright 40 and then raced the remaining distance behind excellent blocking for the first score of the game. The pass covered 55 yards. Chapman broke up Little's chances for the extra point with a perfect block.

At the end of the first half Gettysburg was out in front by a slim 6-0 lead.

The Bullets kicked off to Albright opening the second half. Again the Lions were unable to move the ball and were forced to punt. Eddie Lucas returned the boot to the Gettysburg 32. Coach Gene Haas' men then started a 68-yard drive which ended up in the eventual winning touchdown. The Bullets marched the distance in 14 plays. The break in the drive came when Gettysburg had the ball on the Albright 41 and Butler went back to punt. A bad pass from center and a desperate attempt to run with the ball cost the Bullets' yardage but a personal foul gave the host host squad 15 extra yards and the first down.

Looker Goes Over
Gettysburg reached the Lions' five-yard line from where Terry Looker shook off two tacklers and dodged into the end zone from the left side of the line with scoreboard. Joe Hiddemen's run for extra point was stopped at the one-yard line.

Albright tallied its lone touchdown in the fourth period with only one minute left in the ball.

OWNER QUIET ON NAT MOVE TO MID-WEST

By WHITNEY SHOEMAKER

Associated Press Sports Writer

WASHINGTON (AP) — Calvin Griffith may provide today the answer to what has become Washington's annual riddle: Will he move his American League baseball team?

One source on the fringe of the club's affairs predicted that Griffith would spurn once more an invitation to transfer to Minneapolis.

Yet Griffith, while declining to say just what he is thinking, was by his own statement canvassing other club owners for their attitude toward the shift.

Approval Needed

If it comes to a showdown, he will need the approval of at least five of the seven other American League owners.

The question could arise for a final decision at the annual meeting scheduled for New York on Wednesday.

So bewildering was the situation that Washington's newspapers presented opposite views on the recommendations of C. Leo DeOrsey, Griffith's attorney and financial advisor. Sunday editions carried these contrasting headlines:

Alternative Given
"Griff Advised to Shift Club Or Sell Out."

"Keep Senators Here, DeOrsey Says."

DeOrsey suggested in one of 10 points of his analysis that Griffith take up the Minneapolis offer and leave Washington "if the Griffith family decides to remain in baseball." DeOrsey, whose recommendation Griffith sought, previously offered himself to buy the Griffiths' controlling interest.

Bullet Harriers Bow To Juniata

Only three Bullet harriers finished in the top ten as unbeaten Juniata walloped the Gettysburg cross country team, 15-48, Saturday afternoon on the tricky Juniata course.

Gettysburg now has a 1-1 record and will be out to add their second win of the season when they entertain Johns Hopkins Wednesday afternoon at 4 o'clock on the new four-mile country club course.

Juniata took the first five places with Don Layman finishing the 4.5 mile course in 24:09 minutes for first place. Dick Martin was the first Bullet to come in as he wound up sixth on the hilly and woods filled course in 26:19 minutes. Other Bullets to finish in the top ten were Jim Garman, ninth, 27:52, and John Wilkerson, tenth, 28:29.

Coach John Carpenter's ace runner, Dick Bowen, became ill on the course and was unable to finish.

YALE REMAINS UNSCORED ON; BEAT CORNELL

By ED CORRIGAN

Associated Press Sports Writer

Just a year ago, Yale was a poor relation in the Ivy League, a ne'er do well sack that couldn't win a football game with its cousins.

The Eli wound up the season's work at the bottom of the league with a horrendous total of 203 points scored against them. They lost all seven of their Ivy League games and beat only two outsiders, Connecticut and Colgate.

Just about the same crowd reported to Coach Jordan Oliver this fall, and nothing except further degradation was predicted for them. If they couldn't win in '5, they wouldn't win in '59.

Penn Crushes Brown

Something happened along the way, and today Yale, of all teams, stands as the only unbeaten on major outfit in the country. Until last Saturday, the Eli had to share the distinction with Mississippi and Penn.

But Yale polished off Cornell, 23-0, while Ole Miss was whipping Tulane, 53-7, and Penn was crushing Brown, 36-9.

This has been a tough season for the favorites and even those who have developed into favorites after the opening whistle.

Squeaker For LSU

In fact, the first three teams in the weekly Associated Press poll won by a total of 23 points last Saturday, and could have trouble the rest of the way.

Top-rated Louisiana State barely got past Kentucky, a weak sister of the Southeastern Conference, 9-0. Northwestern, No. 2, sneaked by Michigan, 20-7, and Texas, No. 3, edged Arkansas, 13-12.

Louisiana State is the favorite to win the SEC crown, but must still contend with Mississippi. Both now show 5-0 records and meet on Oct. 31.

Big One For Texas

Northwestern, which shot to the fore in the Big Ten in almost as surprising a move as Yale's climbing to the top of the Ivy League, can breathe a little easier now. Purdue and Iowa, two of the main pretenders to the title, were beaten Saturday. The injury-riddled Boilermakers were toppled from the unbeaten ranks by Ohio State, 15-0, while Wisconsin slugged Iowa, 25-16.

Texas got past one of its main threats in Arkansas, but Texas Christian has not given up hopes of getting the host berth in the Cotton Bowl. TCU slaughtered Texas Tech last Saturday, 39-6, and appears to be waking up after being beaten by Arkansas.

On the West Coast, Southern California turned back Washington, 22-15, and Oregon shocked the Air Force Academy, 20-3, snapping the fly boys' unbeaten string at 14. The two winners stayed on the unbeaten list, but they don't meet.

At Top In East

Elsewhere, Syracuse and Penn State remained at the top of the East. The Orange tumbled Holy Cross, 42-6, and Penn State downed Boston University, 21-12.

Oklahoma, deflated nationally, still rules the Big Eight, and went through its 73rd game without defeat by shutting out Missouri, 23-0. On Saturday, the Sooners met Kansas, the last league team to beat them.

BULLETS LOSE FIRST SOCCER TO BLUE JAYS

The Gettysburg College soccer team under new head coach Lou Hammann, dropped its first game of the season when Elizabethtown tallied three quick goals in the first half to take a 3-2 decision Saturday afternoon on the winner's field.

One of the most outstanding performances of the game was turned in by Steve Cox, who replaced Jack Perrine at goalie in the first quarter and made 22 saves during the remainder of the contest.

The Bullets scored both their goals in the second frame. Connie Youse assisted by Terry Johnson scored the first while Ron Thompson with the aid of Charlie Crosson came through with the second goal. Fred Zimmerman rammed through two for the home team while Carroll Hershey fired in the third.

Gettysburg is now 1-1-1 on the season and played host to Washington College this afternoon at 3 o'clock.

COEDS DEFEAT WILSON 3-2

Miss Grace Kenney's Gettysburg College girls' field hockey team evened their season's record at 2-2 as they edged Wilson College 3-2 in an evenly fought contest Saturday morning on the Gettysburg field before a large Father's Day crowd.

Joyce Conraw, Wilson right inner, tallied the first goal during the first half. Gettysburg came right back to even the count with a goal by Barbara Grocey. Ann Shockey then put the Bullets out in front when she slipped in a score after a hard fought battle near the Wilson goal. Jane Wheeler tallied Wilson's final goal just before the first half ended.

Sandy Johnson, Gettysburg left inner, put the game on ice for the home team with a second half goal.

PROVIDENCE IS UNBEATEN

By THE ASSOCIATED PRESS

The Providence Reds are off to a fast start in the American Hockey League but the word is out to watch the Rochester Americans, the only unbeaten team.

While the Reds have taken the lead with 12 points on six victories in eight games, the Americans have not been beaten or tied in their three starts.

Providence picked up two victories over the weekend by identical 2-1 scores. The Reds edged Buffalo Saturday night and beat Quebec's Aces Sunday with Bob Elvik scoring the clincher with less than four minutes left. Only the stellar work in the nets by Al Miller kept the score down. The Quebec goalie made 38 saves.

Miller wasn't so fortunate, however, Saturday when the Aces were thumped 10-4 by the Springfield Indians. But the Indians had to settle for an even break in their weekend games. They bowed 4-2 to Buffalo Sunday night as the Bisons picked up their first victory of the season.

Cleveland's Barons broke even in two games. After downing Hershey 3-1 Saturday, they ran into the red-hot Americans and lost 8-2.

Richie Lucas, Penn State, scored two touchdowns and set up a third in 21-12 victory over Boston University.

New Warrior QB

Coach Don Young of the Gettysburg High School Warriors was highly pleased with the performance of his new quarterback, "Bim" Miller, a 5-7, 134-pound junior, who directed the team in its 0-0 deadlock at Middletown Friday.

Miller, replacing injured Hardy Nichols, played the entire game at quarterback. The Warriors attempted eight passes with Miller connecting on all of the three he threw. With more experience, Coach Young feels the youngster will prove to be a very capable field general.

Say U.S. Men Shave Off Daily 500,000 Miles Of Beard; Quotable Quotes

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know unless he read his mail:

A report put to the U. S. Senate says that as a people we are growing older faster than we are growing younger. This is not only probably true nationally, but it substantiates regional doubts in our own neighborhood and local veins. The figures say only 3 million Americans were over 5 in 1900; by 1970 it will be 20 million.

The fellow we gave our opinions to yesterday today shows the usual old age signs of nongratitude.

A Carnegie Quote

The mattress has no known father in history. The Romans enjoyed it 300 years before they traded republicanism for dictatorship. At different times mattresses have been stuffed with reeds, hay, wool, feathers, and uneasiness.

The responsibility of fathering one child at a time grays many a man with duty. Here are the odds of multiple daddyhood: quintuplets, 90 million to 1; quadrup-

That would be too many too late. One can only hope that a male of that vintage will reward them with a bright remembrance and a deaf ear.

CAUCUSES ON PENNA. BUDGET SET FOR TODAY

HARRISBURG (AP) — Legislative conferees go before their party caucuses today with a new plan to settle the budget stalemate.

As usual, the Senate Republican caucus will offer the stiffest resistance to any changes in the cuts it made in Gov. Lawrence's proposed spending program for the next two years.

However, two of the issues—transfer of the soft drink tax to the consumer level and a phase of the school subsidy problem—were reported near agreement.

Ready To Yield

Democrats were said ready to yield on the transfer of the soft drink tax from the bottler or distributor level of consumers if the Republicans would agree not to try to freeze at the 1957 level the Tax Equalization Board's real estate valuations, upon which school subsidies are based.

Under the proposal, the administration would agree to underwrite all the losses the rural districts would suffer through revised valuations. The administration previously agreed to underwrite 75 per cent of these losses.

The 100 per cent aid would add about three million dollars to the budget. Chances for two other phases of the budget compromise appeared less bright. They are tentative agreements on restoration of two of the seven million dollars sliced from the 10-million dollar urban renewal plan and some of the entire 4½ million dollar appropriation for Philadelphia General Hospital.

There appeared little possibility the Legislature would adjourn finally next Saturday, a target set by the House Democratic leadership.

Recess Ahead

Prospects are now that the legislature will meet three days this week and adjourn for two to three weeks until after the Nov. 3 election.

Deer Hunter Death Toll High In Utah

SALT LAKE CITY, Utah (AP)—Utah's deer-hunting season opened at dawn Saturday, and by the weekend's close seven persons were dead and at least five had been wounded.

Three men were shot to death—one as he sat on his front porch and watched neighbors load their truck with hunting gear, including a loaded rifle that discharged accidentally.

Three other victims died of heart attacks while hunting and the seventh was killed when a pickup truck overturned with a party of deer hunters.

State officials estimated there were 150,000 hunters out for deer over the state.

RALLY HELD IN DALLAS FOR JOHNSON

By CLAYTON HICKERSON
DALLAS, Tex. (AP) — The Lyndon Johnson-for-president bandwagon picked up speed today as Texas Democrats moved to put the drive on a national level.

House Speaker Sam Rayburn hitched Johnson's wagon to a presidential bid Saturday, announcing he was starting the campaign for the Senate majority leader's nomination for president.

Johnson, Rayburn's long-time protege, was noncommittal. He has left himself open to a draft in recent weeks after vowing for months that he would not seek his party's highest honor.

Truman Speaks
Shortly after the Rayburn announcement, former President Harry S. Truman told a rally of some 6,000 Democrats here that "when Missouri is heard from" he would be for Texas next.

He told the crowd he has many Texas relatives, "and next to Missouri, I like your state best." Johnson sat on the stage back of Truman.

Sunday, Truman and Rayburn flew to the Johnson ranch in the hill country west of Austin, Tex., where the senator is entertaining President Adolfo Lopez Mateos of Mexico.

Accord Reached
Johnson, at odds four years ago with the labor element of the party, had as guests Jerry Holler and Fred Schmidt, top ranking officials in the Texas AFL-CIO and Bob Bryant of the railroad brotherhoods.

Sen. Gale McGee (D-Wyo.), speaking in a transcribed radio interview (Radio Press Conference), asserted he believes the chances "are very strong" Johnson will be drafted as the Democratic nominee.

HANSON DIES SUDDENLY
SAN DIEGO, Calif. (AP)—Vice Adm. Edward W. Hanson, 70, who commanded the cruiser Indianapolis in the Pacific in the early days of World War II and later headed a cruiser division, died suddenly Sunday. He collapsed on a sidewalk. Cause of death has not been determined.

Surviving is his wife, Nina.

aid to schools anywhere from 28 to 70 million dollars and changes in the Unemployment Compensation Law.

The school subsidy problem also is expected to be discussed in the caucus today.

House Republicans came up with three proposals for providing 30 million dollars: borrow either from the state retirement funds or the highways fund or cut the budget further by that amount.

But House Democrats said any increase should be financed by a tax on stocks and bonds which the House passed but the Senate pig-nosed.

3 BROTHERS DIE IN FIRE IN BRADDOCK

PITTSBURGH (AP) — Three small brothers perished in a Sunday night fire swept through a two-story apartment building in nearby Braddock.

Firemen said dense smoke apparently smothered the Negro youngsters before the blaze reached their second floor bedroom.

The children were William Dupree, 5, and his brothers, Clifford, 4, and Keith, 2.

Their bodies were found on the first floor where their bed toppled down as the fire burned through the bedroom floor.

Mother Not There
Patrolman Joseph Strednak of Braddock said the boys lived with their mother, Verne, who was not in the apartment when the fire struck.

Joseph Nelson, 72, the landlord, was carried to safety from his first-floor apartment by two patrolmen. One fireman was injured, not seriously, while battling the flames.

Braddock Fire Chief John Morenzi estimated damage to the frame-brick structure at \$3,000. The blaze broke out on the first floor but its cause was not determined immediately.

Highway Accident Takes Lives Of Five

PALM SPRINGS, Calif. (AP)—Five members of one family were killed today in a flaming crash on U. S. Highway 99 about 10 miles north of Palm Springs.

A young man, his sister and two of her children were flung from their auto as it careened over a highway divider after blowing a tire, smashed into another and burst into flames.

Killed were John Clifford Beall, 20, of El Monte, Calif.; his sister, Ethel May John, 33, of Brawley, Calif.; and her children, Karen Ann, 3, Barbara Lynn, 3, and James, an infant.

ENTOMB LANZA
LOS ANGELES (AP) — Singer Mario Lanza's body will be entombed in Calvary Mausoleum Wednesday.

It was flown here in a casket Sunday aboard a jet airliner.

Lanza, 38, died of a heart attack in Rome, Oct. 7. His body lay in state in his old hometown, Philadelphia, for two days.

FORMER MAYOR DIES
BEREA, Ky. (AP) — John L. Gay, the only mayor this town of 3,500 ever had until he retired in 1958, died Sunday in a Lexington hospital. He was 94. Gay became mayor in 1910 when the local form of government was changed.

In beating Kansas, 35-21, the Syracuse football team gained 493 yards rushing and passing and marked up 32 first downs.

LITTLE ROCK, Ark. (AP) — A third world war will be averted because leaders of both the United States and the Soviet Union realize the destruction it would cause, Gen. Alfred M. Gruenther says.

"I include (Soviet Premier Nikita) Khrushchev among those who realize this," the retired Army general, who now heads the American Red Cross, said in an interview Sunday.

RAILROAD FEATHERBEDDING: \$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

ROCKEFELLER GEARED FOR CHALLENGE

By ROBERT T. GRAY
ATLANTIC CITY, N.J. (AP) — New York Gov. Nelson A. Rockefeller, aiming at the Republican presidential nomination, moved openly on to the national political scene today with a call for sweeping improvements in public health

programs.

The 51-year-old governor made the first of a series of planned statements on top national issues as he headed for the Midwest in a critical test of his ability to overtake Vice President Richard M. Nixon for the GOP nomination.

Nixon holds a commanding lead. Rockefeller is opening an all-out campaign to see if he can catch up.

Schedules Chicago

The New York governor, in his first major political venture outside his home state, invades Chicago today for a hectic round of activities designed for maximum

publicity and political value.

Before flying west, he speaks here at the American Public Health Assn. convention.

He declared in his prepared speech that there is "compelling need for fresh approaches and new methods in public health practice."

His own administration, he said, is already at work mapping fresh approaches to major health problems. These, he said, include rising costs of medical care.

Is Undecided

The New York governor has insisted he has not yet decided whether to challenge Nixon for the presidential nomination.

But Rockefeller conceded to reporters last week that he would not be surprised if his sudden appearance on the national scene were interpreted as a sign he is seeking support for the nomination.

His plans to tour various parts of the nation also followed a series of reports on public opinion polls indicating that Nixon was the overwhelming choice of Republicans for the nomination.

Although Wyoming won this year's game, 27-2, Utah State leads the Cowboys in their football series, 25-15. Two games ended in ties.

CRITIC GIVES HER VIEWS ON SUNDAY'S TV

By CYNTHIA LOWRY
AP TV-Radio Writer
NEW YORK (AP) — Between "Divided We Stand" and the Jack Benny show, incidental education was queen of the network channels Sunday night. "Our American Heritage" series premiered on NBC with an

hour-long colored period piece concerned with the fierce and bitter differences between Jefferson and Hamilton, both members of Washington's cabinet.

It was more a statement of ideas than a play of action.

Reverent, Patriotic

Jefferson was played in a rather stately, restrained manner by Ralph Bellamy. Hamilton, whose ideas rather than person were the villain of the piece, was made believable and passionate by Arthur Kennedy. President Washington was played as a tired and bewildered chairman of the board by Howard St. John. "Divided We Stand" was rev-

erent and patriotic but it just wasn't very good dramatic fare. For one thing, the idealistic and turgid speeches often sounded as if the actors were quoting from letters.

Truman No Sensation

Jack Benny came along on CBS with his friend Harry S. Truman, who gave us an escorted tour of the Truman Library, independence, Mo. For the most part he showed us glass cases filled with mementoes of the presidency—pictures, models of planes and submarines, Indian bonnets, and such. The film quality was poor and the sound was worse so a lot of the talk escaped me and

then audience laughter covered up some of Mr. Truman's funnies completely. Jack was his subdued straight man.

"The Strawberry Blonde" on NBC was a remake of a 1941 movie, this time with Janet Blair and David Wayne in the leading roles. It was a rather serious little comedy about a boy who lost the girl of his choice and married his secretary. He really picked the right girl, of course, and all ends well, even if the hero does do five years in jail. It was pretty in color and the music was pleasant, all in a subdued sort of way.

CELTICS AND PISTONS ARE NBA VICTORS

By THE ASSOCIATED PRESS

The champion Boston Celtics and the Detroit Pistons were off and running over the weekend as the National Basketball Assn. campaign got under way with two games.

The Celtics had their hands full in defeating the erstwhile patsy of the league—the Cincinnati Royals—129-125 Saturday. The Pistons took a squeaker from the Minneapolis Lakers Sunday, 106-105, despite a 52-point performance by Laker sophomore Elgin Baylor.

The big four of last season paced the Celtics. Bob Cousy, Tommy Heinsohn, Bill Russell and Bill Sharman accounted for 107 points, with Russell scoring 32.

Baylor Clicks
Baylor hit 22 of 36 field goals and eight of 12 free throws. He was playing under his old Seattle University coach, John Castellani, who is making his debut as Laker coach.

The Lakers started as if they intended to go for a shutout. They led 13-0 halfway through the first period before Archie Dees scored for the Pistons.

At the end of the third quarter it was 78-78, and with only 3½ minutes left the Lakers held a 97-92 lead. Detroit's Gene Shue, Dees and Billy Kenville closed the gap and took a 100-99 lead with 1:26 to play. It was a dog fight the

RED WINGS HOLD ON TO FIRST PLACE

By THE ASSOCIATED PRESS

The Detroit Red Wings retained their hold on first place in the National Hockey League Sunday night by blanking the Toronto Maple Leafs 3-0, with goalie Terry Sawchuk posting his second shutout of the season.

Boston muffed a chance to take over undisputed second place by playing a 2-2 tie with the Chicago Blackhawks. The Montreal Canadiens now share the runner-up spot by virtue of their 6-5 victory over the New York Rangers.

Barry Cullen and Red Kelly got the Red Wings away to a fast start with goals in the first period, and Gordie Howe came through with an insurance goal in the final period on a power play.

An ex-teammate spoiled the Black Hawks' bid for a victory over Boston. Jerry Toppazzini tipped the puck into the net at 17:07 of the final period to give the Bruins the tie. It was his second goal of the game.

The Canadiens, thwarting the Rangers' bid for a second straight victory, dropped two goals behind in the free-scoring game and then came back with three goals in the final period for the victory.

Injured Football Player Expires

RIVERSIDE, Calif. (AP)—A football player who once suffered a concussion died Sunday, eight days after collapsing during a football game.

James B. Ferguson, 20, a left end at Citrus Junior College, never regained consciousness after collapsing during a game against Riverside City College.

Coaches said they were unable to detect a play in which the young man was hurt. Coroner's aides said he suffered a concussion in his junior year at high school but had received a doctor's permission to play.

rest of the way, with the Pistons stalling the final 10 seconds to protect their slim margin.

LAS VEGAS, Nev. (AP)—Southern California and the Sparks family walked off with honors in the \$10,000 American International Auto Rally which ended here Saturday.

Wins Auto Race In Rain And Sleet

WATKINS GLEN, N. Y. (AP)—Stirling Moss of England, one of the world's great race drivers, had little trouble winning the 100-lap formula libre race Sunday.

He was hampered only by rain and sleet as he drove his formula one Cooper Climax over the 230 miles in two hours, 47 minutes. Second place Ed Johnson of Cleveland, in his Offenhauser Midget, finished two minutes behind Moss.

LOS ANGELES (AP)—Errol Flynn, whose zest for living could only be stilled by death, will be buried today.

In sharp contrast to his lifetime filled with popping flashbulbs, his final hours will pass in strict seclusion. His widow, actress Patricia Wymore, ordered the casket remain closed.

George L. Lech, Bishop of Harrisburg, during impressive ceremonies in St. Patrick's Cathedral, Harrisburg on Sunday. They are Larry Altoff, son of Mr. and Mrs. Paul E. Altoff, 24 E. Myrtle St.; Thomas Gingrow, son of Mr. and Mrs. William T. Gingrow Jr., E. King St., and James Long, son of Mr. and Mrs. Stewart N. Long, W. Myrtle St.

These three are the first Catholic Scouts in Littlestown to be so honored. All three boys are pupils in St. Aloysius Parochial School; are altar boys in St. Aloysius Church; are serving as den chiefs with Cub Pack 84, and which will merit them Star Scout rating in the near future. The award takes its name from the first few words of the priest at Mass, "Introibo Ad Altare Dei." The Cathedral ceremonies were preceded by a parade of Scouts from all sections of the Harrisburg Diocese and their leaders. Ad Altare Dei is Latin for "Unto the Altar of God," and the award is a bronze pin bearing the pre-

Turkey Edges Up On Poland In U.N.

UNITED NATIONS, N.Y. (AP)—Turkey edged up slightly today on Communist Poland, but resumed balloting failed to break the stubborn deadlock over a seat in the U.N. Security Council.

On the 26th secret ballot in the 2-nation General Assembly, Poland received 41 votes and Turkey 39. This was the closest Turkey had come, in the contest which began last Monday and continued on Tuesday.

Neither has the required two-thirds majority, however, and neither seemed ready to yield.

On the 27th ballot, Poland received 41 and Turkey 40.

SHARKS INCREASE

NEWPORT NEWS, Va. (AP)—The Virginia Fisheries Laboratory thinks a dry period, which increased salinity, followed by northeast winds was responsible for a marked increase in sharks in Chesapeake Bay this year.

Discover How Good Squash And Pumpkin Can Be, Both Nutritious And Economical

By MRS. HELEN TUNISON
Associate Home Economist

Some of the most misused and misunderstood vegetables are the members of the squash and pumpkin family. There are many varieties available locally in different shapes, colors and sizes. We will not dispute whether they are squashes or pumpkins but will tell you how you can use this economical and nutritious vegetable.

The fall squash and pumpkin meat varies from the light yellow of corn squash to the deep yellow of the butternut and golden Cushman squash. The deeper the yellow, the greater the amount of vitamin A in the squash. All through life we need vitamin A for smooth moist skin and shiny hair. Vitamin A can make us safer for night drivers. Eyes and ears adjust faster at night if vitamin A is

adequate in the diet.

Vitamin A helps us have healthy linings in the mouth, throat, nose and respiratory passages. This means colds can be avoided more easily.

One half cup of cooked squash furnishes an adequate daily supply of a vitamin A for teen-agers and adults.

Discover how good squash can be in those vegetable dishes and desserts.

Baked Hubbard Squash

Piece of squash (about 2½ pounds).
2 tablespoons butter or margarine.
4 tablespoons brown sugar.
Grated nutmeg.
This squash is large and has a hard rind. Most vegetable men will cut it and sell you what you need. It's easier to bake in one piece, then cut into individual servings after it's cooked. Remove seeds and stringy portion. Put in greased baking pan, dot with butter or margarine. Sprinkle with brown sugar and a little grated nutmeg. Cover and bake in moderately hot oven, 375° F., about 45 minutes, or until tender. Cut faster at night if vitamin A is

LAND BLEND—The unusual spire and body of the new Evangelical church at Schulensee was designed to harmonize with the rolling landscape of north Germany.

Pumpkin Chiffon Pie

1 envelope gelatin
¾ cup light brown sugar
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon nutmeg
½ cup milk
¾ cup water
3 eggs, separated
1½ cups pumpkin, cooked or canned
¾ cup granulated sugar
9-inch pie shell
Whipped cream
This has proved to be the pumpkin pie for people who hate pump-

kin pie—and also for those who love it. Combine in top of double boiler gelatin, brown sugar, salt, cinnamon, nutmeg. Stir in milk and water, beat in egg yolks with fork and add pumpkin. Cook and stir, over water, until heated (this takes about 10 minutes), then chill till it begins to set. Beat egg whites stiff, gradually add granulated sugar and continue beating until very stiff. Fold gelatin mixture into whites, turn into pie shell and chill. Garnish with whipped cream just before serving.

To cook pumpkin cut in half and remove all strings and seeds. Bake (shell side up in pan) at 325° F. for about an hour—until tender enough to fall apart. Scrape out pulp, strain or rice for proper texture.

Spicy Squash-Nut Bread

2½ cups sifted enriched flour
1 tablespoon baking powder
1 teaspoon salt
2 teaspoons cinnamon
1 teaspoon ground cloves
½ teaspoon mace
½ teaspoon soda
1 cup chopped pecans
½ cup shortening
1 cup brown sugar
2 eggs
1 cup buttermilk or sour milk
¾ cup mashed cooked squash
Sift together flour, baking powder, salt, spices and soda. Mix in pecans. Cream together shortening and sugar until light and fluffy. Add eggs and beat well. Combine buttermilk or sour milk and squash. Add to creamed mixture alternately with flour mixture. Turn batter into well greased 5½x9½-inch loaf pan. Bake in moderate oven (350° F.) one hour and 15 minutes.

Glazed Acorn Squash

4 cups peeled and cubed squash
1/3 cup melted butter
½ teaspoon salt
1½ teaspoon brown sugar
2 tablespoons lemon juice
Mix together the melted butter, salt, brown sugar and lemon juice. Pour over the squash so each piece is coated. Bake in a shallow greased pan in a hot oven (425°). Cover the pan. After 30 minutes remove the cover and continue baking 15 minutes longer, or until tender.

Hawaiian Squash

3 cups cooked, smashed squash (Butternut-Golden Cushman)
1½ cups crushed pineapple (drained)
6 tablespoons brown sugar
½ teaspoon salt
1 tablespoon butter
Combine the squash with the pineapple, brown sugar, and salt. Place in a buttered baking dish. Dot with butter. Sprinkle with a bit of brown sugar. Bake in a moderate oven (350°) 25 minutes.

EASTON AND LEWISTOWN ARE BEATEN

By FRED WALTERS

HARRISBURG (AP)—Easton and Lewistown have been eliminated from among the undefeated scholastic football teams in Pennsylvania.
Easton overplayed its roll of host to Baltimore Poly, an unknown entry that inflicted a 27-0 defeat on the powerful Lehigh Valley eleven.
Lewistown's loss was less of a surprise, but its 6-0 loss to Lock Haven snapped a 24-game victory streak.

Six Others Fall

Six other teams also suffered their first defeats of the season over the weekend, including Curwensville, which had gone 21 games without losing although it

was tied earlier this season by Philipsburg. Dubois put an emphatic end to that string, 35-0.

Others falling by the wayside, were Ridley Park (19-13 to Clifton Heights), Allentown (13-12 to Phillipsburg of New Jersey), Palmerston (27-7 to Nazareth), Hurst (14-7 to Beaver Falls), Waynesburg (12-7 to Manton).

Mount Lebanon and Franklin, meanwhile, had their perfect records marred by ties.

Seven Yet On List

Wilkesburg held Mount Lebanon to a 13-13 standoff and eliminated them from the WPIAL-AA race.

Franklin was held even by Grov City, 7-7, in an inter-conference game in the northwest.

With Mount Lebanon out of the picture along with Turtle Creek, which was held to a scoreless tie by Penn Hills and Hempfield, 12-0 loser to Conestoga, the WPIAL-AA affair boiled down to a seven-team race.

Teams still in the picture are: Aliquippa, Altoona, Charleroi, Clairton, Farrell, Johnstown and Latrobe.

All seven are still unbeaten-untied for the season, including conference games. The other un-

beaten-untied teams among the major conferences and independents are Haverford, Ridley Twp., Media, Clifton Heights, Ambler, Conestoga, Morrisville, Northampton, Kingston, Wilkes-Barre Meyers and Athens in the east; Lancaster Hanover, Central Dauphin and Lock Haven in mid-state; and Northern Cambria, Richland Twp., Braddock, Bellmar, Springdale, Scott Twp., and Brockway in the west.
